

The Easy, Complete System.

The RainWorx® range gives you:

Complete package: Along with the StormLite tank we supply the pumps, controllers, pipe work and covers ready to connect to your plumbing and to integrate with the public water supply.

Quality parts: We are NZ's leading plastic tank fabricators, providing the highest quality. All our tanks come with a design life of 25 years and our quality tank design offers long term peace of mind with maximised service life for all parts.

Flexible options: Every household's needs are unique and because our tanks are made to order you can have the right set up. You only pay for what you need.

Efficient and intelligent system: APD RainWorx Systems automatically switch to mains pressure water if the retention tank is empty or if mains power fails. Our unique tank design means 100% of the tank capacity is used while still meeting council requirements.

Ready when you want it: Made to order in just 2-5 days

RainWorx for StormLite Underground Tanks

Whether you have a modern urban home or a classic villa, whatever your needs, we have the right solution for you. APD RainWorx systems for StormLite underground tanks include pre-fitted internal pipework and pump platform, plus submersible pump and wall mounted RainWorx cabinet.

APD's exclusive tank design comes with:

- Pre-fitted internal pipework - Avoiding the hassle and Health & Safety risks of tradesman entering confined spaces for installation.
- Pump platform - Prevents the pump from sitting in the silt trap to ensure only clean water is pumped into the house.

The ideal rain harvesting solution is easy.

You'll never run out of water, using APD's smart RainWorx system. It automatically switches to mains supply once storage levels become low enough, or when there is a power cut. This unique system comes in a ready-to-go package, with options to suit above and below ground tanks, we'll even provide a template for the plumber and electrician for a simple installation. Start using free water. Get the easy, complete system from APD now on (09) 263 7741.

Installing a stormwater detention tank to meet council requirements?

The APD RainWorx System harvests and recycles your valuable rainwater for toilets, washing clothes, watering the garden and washing your car.

With the tank installed underground, usable outdoor space is maximised and visible obstruction is removed.

Fast installation saves costly additional man hours on site, keeping the time spent in the excavation site to a minimum; making for a safer and efficient work environment.

APD can provide customised commercial packages for medium to large scale jobs: Apartment Complexes, Residential Developments etc.
