

Built for Compliance.

# APD StormPit

APD'S StormPit RANGE HAS IT ALL PLUS MORE!

Why use heavy, difficult concrete sumps when you can use a New Zealand building code compliant APD sump and make your job easier? Don't be fooled by non-compliant products, and ensure you are complying to 'NZ Building Code E1 Surface Water' by installing an APD StormPit sump or chamber today.

### APD StormPit TYPE ONE

- 274mm of height adjustment
- 5 tonne rated cast iron grate
- Easy to remove access cap
- Full 100mm sized outlet with oversized trap for greater flow

APD StormPit products have been designed with multiple features to benefit the installer onsite and ensure long-term trouble-free use.

### APD StormPit 250

- 260mm of height adjustment
- 1 tonne rated cast iron grate
- Easy to remove access cap
- Full 100mm sized outlet with oversized trap for greater flow

### APD StormPit TYPE TWO

- 250mm of height adjustment
- Lightweight - sump and riser are only 45kg
- Will fit a range of class D 600mm opening round grates
- Made in NZ of durable recyclable HDPE

LIGHTER!  
EASIER!  
FASTER!

### APD StormPit BUBBLE UP

- 175mm of height adjustment
- Moulded garden lid with fixings
- Manufactured from water tank grade PE material suitable for below ground installations
- Made in NZ of durable recyclable HDPE
