StormLite Ground Anchors

SECURE YOUR APD STORMLITE WATER TANKS WITH OUR GROUND ANCHORS, FEATURING A NEW UPDATED DESIGN!

APD's new StormLite Ground Anchor fittings now have an improved breaking strain.

**PRODUCT
UPDATE!**

YOU MAY NEED TO USE GROUND ANCHORS IF:

- There is a high water table at the site where the tank(s) are to be installed or
- Water will collect in the ground around the installed tank(s) following a rainfall event

ADDITIONAL FEATURES

- New Ground Anchor fittings are made from 316 stainless steel, providing a longer life
- New Zealand designed and made
- Improved breaking strain
- Patent pending
- Design registered

Please contact APD to discuss your installation and to calculate if ground anchors will be required for your project.
