RainWorx®

The Ideal Rain Harvesting Solution is Easy!

You'll never run out of water, using APD's smart RainWorx® system. It automatically switches to mains supply once storage levels become low enough, or when there is a power cut. This unique system comes in a ready-to-go package, with options to suit above and below ground tanks - we'll even provide a template for the plumber and electrician for a simple installation. Start using free water. Get the easy, complete system from APD now on (09) 263 7741.

RainWorx® System Packages

- Packages to suit underground or above ground tanks.
- User friendly status monitors.
- Back flow preventor (double check valve).
- Inline filter, all fittings and bracketing.
- Isolation valves.
- Custom packages available on request.

RainWorx® for StormLite® Underground Tanks

Whether you have a modern urban home or a classic villa, whatever your needs, we have the right solution for you. APD RainWorx® systems for StormLite® underground tanks include pre-fitted internal pipework and pump platform, plus submersible pump and wall mounted RainWorx® cabinet.

APD's Exclusive Tank Design Comes With:

- Pre-fitted internal pipework - avoiding the hassle and Health & Safety risks of tradesman entering confined spaces for installation.
- Pump platform - prevents the pump from sitting in the silt trap to ensure only clean water is pumped into the house.
- Submersible pumps with floating intakes are available for tanks without pump platforms.

For more information contact your APD account manager or call (09) 263 7741 or 0800 263 774

Doing Good From The Ground Up

The Easy, Complete System.

APD can provide customised commercial packages for medium to large scale jobs: Apartment Complexes, Residential Developments etc.

The RainWorx® Range Gives You:

Complete Package

Along with the StormLite®, StormSlim®, and StormSlab® tanks, we supply the pumps, controllers, pipe work and covers ready to connect to your plumbing and to integrate with the public water supply.

Efficient and Intelligent System

APD RainWorx® Systems automatically switch to mains pressure water if the retention tank is empty or if mains power fails. Our unique tank design means 100% of the tank capacity is used while still meeting council requirements.

Ready When You Want It

Made to order in just 2-5 days.

Quality Parts

We are NZ's leading plastic tank fabricators, providing the highest quality. All our tanks come with a design life of 25 years and our quality tank design offers long term peace of mind with maximised service life for all parts.

Flexible Options

Every household's needs are unique and because our tanks are made to order you can have the right set up. You only pay for what you need.
